Location: Kushma, Parbat

Objective

Passionate and driven mechanical engineer with strong programming and UI/UX design skills, aiming to merge creativity and technology to build efficient, modern solutions. Seeking opportunities to leverage my diverse expertise in mechanical systems, web design, and video editing to deliver impactful results.

Education

Bachelor of Mechanical Engineering

Western Regional College — Expected Graduation: 2029

S.E.E. (Secondary Education Examination)

Narayan Secondary School — GPA: 3.70

Higher Secondary Education (11th & 12th Grades)

Science Faculty (Biology) — GPA: 3.64

Skills

- Engineering: Mechanical systems, machine design, structural analysis
- Programming: HTML, CSS, Java, C++, Python
- Web Design: UI/UX, WordPress, Visual Studio, Figma, Webflow
- Graphic Design & Video Editing: DaVinci Resolve, Adobe Filmora Pro, Adobe After Effects, Creative Cloud (Photoshop, Canva)
- Frontend Development: Web design with backend knowledge

Experience

Freelance Video Editing & Web Design

- Created visually engaging videos using DaVinci Resolve, Adobe After Effects, and Filmora Pro
- Designed websites and user interfaces using WordPress, Figma, and Webflow, blending creativity with functionality

Extracurricular Achievements

- Excelled in sports, notably in 100m sprints (11 seconds)
- Actively participated in extracurricular activities during school, building teamwork and leadership skills

Projects

- Engineering Designs: Developed mechanical engineering projects involving machine design and structural analysis
- Web Design & Development: Created responsive, visually appealing websites with a focus on user experience
- Video Editing Projects: Produced professional video content, incorporating storytelling, color grading, transitions, and motion graphics
